END OF FIRST DAY'S SALE

Thursday, 10th July, 1969

commencing at 1 p.m. precisely

THE SHEERNESS HOARD

The following 29 lots were unearthed on the 28th August, 1968, on the site of a new girls' school at Halfway Minster Road, Sheerness, Kent.

Mr. J. Sharpin, of Gravesend, Kent, was operating a hydraulic excavator on the site when he discovered an earthenware pot which was buried upside down about 15 to 18 inches from the surface. Mr. Sharpin and two other persons handed the coins to the police and on the 26th September an inquest was held by the North Kent Coroner. Mr. Sharpin was declared to be the legal finder and the coins were returned to him after examination at the British Museum.

The earliest coins in the Hoard are four shillings of Edward VI. These are the fine shillings of the third period dating from 1550-1553. The latest coins in the Hoard are a group of shillings of Charles I of the Tower mint with mint mark sceptre, which belong to the period 1646-1649. The Hoard, therefore, covers a period of almost one hundred years, and the coins are all either halfcrowns or shillings. They have obviously seen a considerable amount of circulation, and, except for the later coins of Charles I, are generally in worn condition, as would be expected. All the coins are of the Tower mint except for two halfcrowns of the York mint, one of type 1 in extremely fine condition, and one of type 7 which has been well circulated.

COIN CATALOGUES

On the average we issue twelve Coin Catalogues each year, some of which are usually of sales of important collections.

CATALOGUE SUBSCRIPTIONS

PRE-SALE CATALOGUES, frequently illustrated, are normally posted to subscribers about three weeks prior to the date of Sale.

PRICED CATALOGUES (not illustrated) are issued after each Sale with the prices realised printed in the margin opposite each Lot, thus giving at a glance a reliable guide to values. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading.

The Priced Catalogues are posted to subscribers as soon as ready, usually about three weeks after the date of Sale.

Subscription Rates

(commencing from 1st January)

Pre-Sale Coin Catalogues 10s. 0d. per annum

Priced „ „ 30s. 0d. „ „

(Pro rata reductions for new subscribers commencing after 1st January)

All subscriptions expire on 31st December, and renewal reminders are issued. Catalogues of past Sales cannot be supplied.

AIR MAIL

To allow subscribers resident outside Europe time to submit postal bids, Pre-Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and must be borne by the subscriber. In such cases an additional £1 should be sent as a deposit and we will advise when this is exhausted.
